

Coursedog

VICTORIA, BC - 12 April 2023 - OA Solutions is proud to announce the signing of a partnership with Coursedog that will offer OA's post-secondary clients access to their Academic Operations Platform to support on-time completions and efficient operations.

For over 20 years, OA has assisted post-secondary institutions in analyzing their business processes; recommending changes; and protecting their investment in the Ellucian® Enterprise Resource Planning (ERP) systems.

OA has provided implementation, training, and consulting services to over 80 institutions across North America. Our consultants' superior knowledge of the Ellucian® applications in conjunction with their experience and understanding of business practices employed at post-secondary education institutions, enables OA to provide the services needed for institutions to gain maximum benefit from their investment in these systems and gain the efficiencies needed to ensure their services to students are second to none.

Coursedog is the Academic Operations Platform helping higher ed maximize operational efficiency, innovate with data, and accelerate student success. Coursedog has partnered with over 150 institutions to provide: Academic Operations Analytics, Curriculum & Catalog Management and Academic & Event Scheduling - accelerating pathways to on-time completion and supporting campus financial health.

OA is excited to have the opportunity to form a relationship with Coursedog. Together, we will provide innovative solutions that help higher education clients reach their goals. This partnership is designed to support colleges and universities with complementary software and services that ensure institutions can achieve their missions.

About Coursedog

Coursedog is on a mission to bring people, processes, and data together to break down barriers to opportunity for students. Their Academic Operations Platform empowers higher education institutions to elevate the academic operations lifecycle from just-in-time, error-prone delivery into a streamlined engine that accelerates student success. Academic operations analytics, curriculum & catalog management, and academic & event scheduling solutions sync with your student information system to empower administrators to focus on what matters most: on-time completions.
