OA SOLUTIONS WELCOMES MIKE TESSIER

VICTORIA, BC - 28 March 2022 - OA Solutions is proud to announce that Mike Tessier will be joining the Consulting Services team in support of the company's Ellucian ERP clients across Canada and the United States. Prior to joining OA Solutions, Mike was a Systems Analyst and Programmer Analyst working on the Banner ERP at Cambrian College in Sudbury, Ontario.

"We are excited to welcome Mike to our Consulting Services Team", said Jill Pimlott, Manager, Consulting Services Practice at OA Solutions. "Mike's experience and skill sets are a great fit for our team. We are confident his expertise will greatly increase our resourcing capabilities."

As System Analyst and Programmer Analyst at Cambrian College for nearly a decade, Mike became very well immersed in Banner, including Student, Self-Service, Registration, Accounts Receivable, Job Submission, Security, eLearning, Ontario College Application Service (OCAS), Operational Data Store (ODS), Flexible Registration, and Banner Relationship Management (BRM). His Banner experience and integration solutions made him the go-to resource, not only at Cambrian College but with other Banner colleges in Ontario, OCAS, and Ellucian Canada. Mike has presented his solutions at BOLT (Banner Ontario Leadership Team), CEUG (Canadian Ellucian Users Group), and Ellucian Live conferences.

Mike is certified as a Project Management Professional (PMP) and is a sessional instructor of project management at Cambrian College. He looks forward to expanding his Banner knowledge to Finance and Human Resources modules, Ethos, and extensibility tools to help institutions leverage Banner to its fullest potential.

A welcome addition to the OA team, Mike is keen to share his knowledge and develop the company's Banner Service Line within our Consulting Services Practice. With extensive experience in the post-secondary industry, Mike is familiar with the Canadian post-secondary landscape. Our clients can be assured that they now have additional resources from OA Solutions.
